GESUNDNAH

The AOK Family Doctor Programme for children and young people.

More time for your children's health.

AOK Baden-Württemberg

With the best conditions for healthy development: the AOK-Family Doctor Programme for children and young people.

As a health insurance company, the best medical care for your little ones is especially important to us.

That's why children and young people also benefit from the advantages of the AOK Family Doctor Programme with selected paediatricians.

In concrete terms this means: You can count on more comprehensive care for your child in all health matters.

This includes, among other things, a particularly thorough consultation, shorter waiting times at the doctor's office and a number of supplemental medical check-ups. And all of that with doctors who are up-to-date on state-of-the-art medicine thanks to regular advanced training. So, it is worthwhile enrolling your child in the AOK Family Doctor Programme, preferably as soon as possible.

Exclusive and free of charge

Here is how to find paediatricians who participate in the AOK Family Doctor Programme.

Choosing the right doctor for your child is an important decision for parents. That's why we make it easy for you: at [hausarzt-suche.de](https://www.hausarzt-suche.de)

Of course, the AOK Customer Centre near you is also glad to be of assistance with questions about the AOK Family Doctor Programme.

Your benefits at a glance.

- **More security through better care:** With the U10, U11 and J2 supplemental medical check-ups as well as the enhanced testing procedures in the new Paed.-Plus children's examination record booklet, possible developmental problems or illnesses can be detected and treated early on. In addition, free vision and hearing tests (amblyopia screening and tympanometry for small children) are part of the AOK Family Doctor Programme's service package
- **More individualised treatment and consultation:** The doctor takes plenty of time for your child – including for questions you as parents may have. And since our participating doctors complete important advanced training on a regular basis, they are always up-to-date on the latest medical knowledge
- **Reduced costs for medicines:** Thanks to the costs covered for non-prescription medications available only at the chemist's, including for children and young people from 12 up to and including 17 years of age
- **Shorter waiting times in the doctor's office:** After making an appointment, you can expect waiting times of 30 minutes maximum
- **Doctor's appointments that will surely suit you better:** As working parents you can take advantage of special evening office hours until 8:00 p.m.
